

Custom Color Matching Hints

CMI offers a custom color match on Wood Blinds, Shutters, Drapery Hardware & more. We have matched everything from a favorite spatula to an eggplant. If you have a unique color you are trying to match here are some helpful hints.

- Supply us with at least a 4" x 4" sample. The best material is wood, for your convenience, we will supply you with a louver section upon request.
- Apply several coats of your paint or stain preferably by spray or sponge brush. Let thoroughly dry.
- Tag samples with company name, job name and if doing multiple custom colors the room name.
- If you are submitting a sample that needs to be returned please mark this clearly on the sample as well as any other written instructions. (CMI does not recommend sending anything not replaceable if damaged or lost in shipping or handling.

Custom Color Match is our most popular request from Benjamin Moore Whites to commissioned finishes to match heirloom furniture. CMI will do everything to ensure a beautiful match.
